# GOPAK

feefo<sup>cc</sup>

## Why buy from Gopak?

We are a long established British manufacturer of lightweight multi-functional furniture and pride ourselves on making furniture that is built to last, providing longevity of service and the assurance that you are making the right purchasing decision for yourself or your organisation.

You may already be familiar with our signature lightweight folding table, deemed by many as a modern day design icon with its unique twin leg aesthetics. Do these tables evoke memories of school meals, harvest festivals, craft fairs or village fetes? Having sold well over 1 million tables in our lifetime, you have probably used our folding tables at some stage in your life, perhaps without even knowing it. For those discovering Gopak for the first time, you won't be disappointed.

We have a long heritage in the manufacture of British designed multi-functional furniture that is not only suitable for all stages of education, but also fits perfectly within community and public environments including places of worship, village halls, sports clubs and charities. In the home, our furniture is used by crafters, home workers, gardeners and those who love to entertain friends and family.

### HOW TO PLACE YOUR ORDER

Online: [www.gopak.co.uk](http://www.gopak.co.uk)

Email: [gopakorders@gopak.co.uk](mailto:gopakorders@gopak.co.uk)

Tel: 0800 195 4255

Manufacturing furniture since 1954

**0800 195 4255**

**BUY WITH CONFIDENCE FROM A SUPPLIER YOU CAN TRUST**

## Delivering a sustainable solution

We believe in making furniture that will provide many years of service.

By combining good quality ethically sourced raw materials with unique manufacturing techniques, this enables us to supply items that are not only recyclable but truly sustainable as they will last so long.

Most of what we make is lightweight, folding or flat pack, ensuring that delivery can be made in an efficient and effective way. Once in use, our multi-functional products allow you to change your space with minimal effort to maximum effect.

# Ultralight staging system

- **Fast and efficient assembly**

The lightweight aluminium risers concertina to open and close in seconds and can be secured to the stage deck with the twist of an allen key.

- **Lightweight but strong**

All components are light in weight, reducing the overall weight of the stage without compromising on strength and durability.

- **Versatile and adaptable**

Available in a great selection of sizes and shapes to enable you to create the perfect stage configuration for your performance or event.

- **Secure decks to risers**  
Simply tighten with an allen key

**Caution**  
The stage decks should not be left outside in inclement weather

Cert No. 5376/17/35102

Cert No. 5377/17/35102

- Create a bespoke stage layout for your individual requirements
- Risers can be joined together for added height
- Tested to 1000kg m<sup>2</sup> even load distribution
- Quadrant & Triangle Decks & Risers also available
